I institute the building of churches. I take the fragments of what was left of the old life and commence doing what I have witnessed him doing in my life. The only thing that is spanking brand new is the middle ” And the vessel that he made of clay was marred in the hand of the potter: so he made it again another vessel, as seemed good to the potter to make it. Then the word of the Lord came to me, saying, O house of Israel, cannot I do with you as this potter? saith the Lord. Behold, as the clay is in the potter's hand, so are ye in mine hand, O house of Israel.” ( Jeremiah 18:4-6 KJV)

When I think of building anew unto the Lord I think of Romans 6:16

Don’t you know that when you offer yourselves to someone as obedient slaves, you are slaves of the one you obey—whether you are slaves to sin, which leads to death, or to obedience, which leads to righteousness? This is important when being built new. It might not seem like it fits into being built new but trust me and bear with me. Because the middle is what has the potential to not have you available on the day construction begins. The middle is the place that would have us bootlegging on the weekends for extra cash, hung over the next morning. The middle is where this is taking place, it starts as your favorite thing. innocently. Most treasured, most important is in the middle.

Imagine a throne where a king sits and all of his servants surround the throne where the king is sitting on his throne. This is the situation that is taking place in the middle. Scripture says your heart is where your treasure is. For some, it could be a pair of Loui shoes. For another, it could be a job or a degree. It is the thing that makes you tick, it makes you get up and go. A lot of people are unaware of this king-like place dwelling in the center of their being. All they know is they like clothes and that is why they work and get paid to buy clothes. It is called control and manipulation.

When an imposter has hi-jacked the place in the middle and got in by slithering his way in, with us being unaware of this system that operates like a computer. Its design is to get us to where we do it’s desire, for it to become like second nature or like a knee-jerk reaction.

This is the way we were left because of Adam and Eve in the garden messing around with the place that was consecrated to God. God uses the tithe and communion elements to regain this place in our hearts. To bring our inner man back into the sink with his perfect will which is what is best for us.

What happens is when we are led by the imposter of course he will lead us into destruction. The things we will do under the effects of the imposter are the things I have done because of the imposter. He is trying to destroy you as fast as he can, knowing his time is limited. It is a miracle I am not in a lifelong counseling session. It is a wonder I don’t have PTSD due to the things I have done being led around by the imposter. I wasn’t raised like that so where did it come from? Somewhere along the way, I crossed paths with the serpent and I had to have welcomed him into my heart via some of the sneaky things I have done. Thinking it was me just letting my hair down for the weekend. No harm no foul right? It is not that black and white it is not that simple. One weekend can turn into years of being led around doing bizarre things because to whom you submit yourself to obey you become a slave to what you obey.

So it is worth thinking through thoroughly. A same-sex relation. It is worth getting some Christian counsel experimenting with crystal meth.

You end up bowing to whatever is in the middle so the scripture gives you two options: slaves to sin which leads to death or obedience which leads to righteousness. So along with the

communion elements I began to tithe and give regularly. These two things handled the riff-raff and ushered God back in the middle. That's what the enemy was after when tempting Eve with the fruit in the garden. Was the middle. don't ask me how he knew the middle was significant but he did and he got in and hatched his eggs in the man. Which takes on the form of lust, anger, pride , covetousness, envy , jealousy and sloth. ( or laziness) this is what the works of Jesus Christ destroy. This is when His heel crushes the head of the serpent. This is why God created communion as a way to usher God back in the middle. This is why God institutes tithing because we dethrone money being in the middle when we put God first. Scripture says mammon is the god of this world. It would be the #1 enemy that we would have to wrestle and struggle with competing with God.

Money is the system the world is clearly under. And we can hear of these kids that come from money committing suicide at very early ages, and we can see the illusion people with money live under. When you choose God who is in control of it all you get so much more than money. Mammon however will rally for the middle and in a lot of people it wins. but can you look and see the effects of having money in the middle? It is an abstract thing that does not belong in the middle and was not made for the middle. Cannot fulfill or carry out the mandates of what the middle would request. Not just that but however you spin it if you don't choose obedience which leads to righteousness you choose sin which leads to death. Don't get me wrong I like money and need money but it is something different with money being in the middle, the place where the king is supposed to be seated. How wrong is that picture?

It is not a simple task being built anew, however it is not burdensome at the same time. It takes skill and expertise for the building of the body into a church. It takes for us to do all he instructs us to do all we have heard of him all we have learned of him to build a person into a church. It is however possible to do. It is what Jesus called Peter.  And I say also unto thee, That thou art Peter, and upon this rock I will build my church; and the gates of hell shall not prevail against it. ( Mathew 16:18 KJV)

So when I think of people who may have missed their calling in life or when it seems too late for anything good to happen. Scripture says in these earthen vessels are hidden treasures. When I think of some of the people I used with and the way they live life. I just think to myself they are living far beneath their means. They think it's over for them when it could be that they're just one decision away from it being their new beginning. They don't know that buried underneath are the gifts they have been given by God they are still there for a certain.  for God's gifts and his call are irrevocable. ( Romans 11:29 NIV)

God didn't intend for them to be strung out and has given them gifts that will make room for them. They don't think they have a good enough reason to stop but if they could see what is underneath. That is why I do what I do. I will never give up on informing them that they are given a new heart. This place that I am writing about is real. And if you could get God back in the place that he intended to dwell in the first place. He will cause all types of treasures to come forth through you.

His son King Jesus is the God who deserves that spot in the middle; he is the only one worthy of it. He died on a cross, went to hell and rose from the grave to win that spot. He's the one who has done everything to be able to occupy the middle. Not only that, why would I trust money to be somewhere in control of me? No, God's way is for you and me to be in control of money. Not the other way around. Scripture says he came that we would have life and have it more

abundantly. Scripture says He came to preach good news to the poor. So when we can get Jesus in the middle our desires will change. We will no longer be slaves to people, places, or things ( including drugs). Scripture says His burden is easy and his yoke is light. The reason why I have spent the most time on the middle is because it will make or break the building of the church. Like I said in the beginning it is the only thing that can have you somewhere else on the most important day ( the breaking of the ground ) It is impossible to lose being in faith with Him in the middle. And everything in our lives falls into order: mental health, finances, self-esteem, careers, jobs. Because when we are built as churches everything we do revolves around King Jesus. It will look like Him. ( when I say look like him I mean it will look perfect) You are an overcomer so the things we struggled with will soon have to go. Because at one point in my life, I was a Christian but was defeated. Today I know I am the boss, the watchman over this church. I say what stays and what goes. Take for instance sin I don't struggle with it I don't wrestle with it I defeat it. Because of the authority and power, I have by way of the holy ghost and the finished works of Jesus Christ. If I don't defeat it today it may be tomorrow. Make no mistake about it, I am the victorious one over sin. I do have authority. You see in being a joint heir with Jesus Christ one should be more concerned with reigning over lust than preaching a sermon. That God's job is to preach through us. My job is to mann my post as the watchman over the watchtower. And if and when I discover something that is not supposed to be there I use the authority given me by the holy ghost to deal with it. This is what it looks like to be a joint heir with Jesus Christ. After he dethrones the wrong things out of the middle with the communion elements. I use the holy ghost and the power of Jesus Christ to reign over this church built by God. There is no coward in this holy ghost, no whimpering and being a punk. I reign over this church with power. Now I can offer up acceptable sacrifices unto God. I can hear from God as the watchman over this church for my life. He directs me in the paths I take. This is me teaching others all I had heard from him all I have learned from him all he instructed me to do to teach others to do. And He will always be with me.
